

WORKSHOP

with Jacqueline Conforti

Individual Presentations: A Day in the Life of a Sixth Grader

Presentations can be made by request to suit a variety of topics at various skill levels. The topic this particular workshop would cover is:

- **A Day in the life of a Sixth Grader** - This workshop provides a summary of how the school system in the US works, covering subjects studied, schedules, sports, and after school activities.

For younger classes, presentations are usually shorter, use easy vocabulary, and can be altered to include interactive games to keep students interested. All presentations are offered in English unless otherwise requested. We want to encourage students to use whatever English they know, even if it's not 100% correct.
