

# WORKSHOP

with Dara Wissinger

## Debate Workshop

Many high schools in the U.S. and Britain have debate teams for students to consider different points of view and practice expressing themselves in a good and fair, fun argument. The aim of this workshop is to give students the opportunity to practice using their English-speaking skills to gain confidence in speaking and expressing themselves all while in an engaging and fun way. This workshop is suitable for students who have an inquisitive mind, enjoy logical discussions and are eager to become better communicators. Students will be introduced to the basic concept and structure of debate in a fun and interactive format. In pairs, small groups and then teams, exercises will help participants to consider several perspectives on an issue they may or may not agree with. The goal of this workshop is to help students develop critical thinking skills that are essential in daily life via debate skills and topic discussions.
