

Battle of the Books

What is the Battle of the Books?

The Battle of the Books is an English reading competition aimed at German students in the 10th grade and above. The goal of the competition is to help them discover the joy of reading in English and to improve their reading comprehension skills through English literature. Each team reads 10 books in total and competes against other teams (schools) in Bavaria. Students read interesting and challenging English-language books while also learning about the U.S. as well as cultures and history from around the world!

How does it work?

The competition is organized by the Deutsch-Amerikanische Institut Nürnberg (DAI) for all students in 10th grade and above. (Particularly motivated 9th graders may join teams at their own risk!) The entire competition from start to finish is conducted in English.

In the **first part** of the competition, participating teams meet with a DAI representative either in-person at the DAI, at their school, or virtually and discuss the 10 books together. The writing style, genre, themes, and content of each book will be discussed—particularly historical background or relation to American culture. These meetings will take place from around November through February and are mandatory!

The **second part** is the final, which takes place in Nürnberg and is staged as a game show with buzzers and timed questions. It consists of several rounds in which the students put their acquired knowledge to the test! The final takes place at the end of February or the beginning of March of the next year.

What does my school need to know to participate?

- Participation should be voluntary.
- Teams must have **at least** 10 students and a **maximum** of 15.
- Teams may consist of participants from different grades, 10th and above (again, there is an exception for motivated 9th graders participating at their own risk!).
- Each participant needs to read at least one book – if there are more than 10 team members, two students can be assigned to the same book.
- Each team must have **ONE teacher representative** who will lead the team and is responsible for communication with the DAI.
- With the submission of their team's registration, **teachers acknowledge that photos taken of their students during the Battle and intro meetings may appear on the DAI's social media and/or website.** Teachers assume responsibility for photo permissions according to their school's policy.
- The DAI can loan one copy of each book to a team (maximum 10 books total) on a first-come, first-served basis.

- The DAI will provide 10 T-Shirts for each team for the final. If you have more than 10 team members, the extra shirts must be paid for by the team. Final T-Shirt costs will be provided at the latest shortly before the Battle final.

Registration information:

Registration opens in September each year. The exact date is announced via the DAI's Teacher Newsletter (<https://www.dai-nuernberg.de/meta/newsletter.html>). After the registration has officially opened, each school should register via the form provided in the newsletter and on the DAI website. The registration deadline will also be announced there. Places are limited and will be awarded on a first-come, first-served basis! Once you have been accepted into the competition, the penalty for dropping out after the registration deadline is exclusion of your school from the next year's competition. Therefore, please ensure that you have a dedicated group of students before submitting your registration!

The Battle of the Books Final

The final will take place at the end of February or the beginning of March. There will be two sessions, one in the morning and one in the afternoon. In each session, around 15 teams will compete against each other. Each session lasts approximately 3.5 hours, with the morning session beginning around 9:30am and the afternoon around 1:30pm. (Final times are subject to change.) Teams will be assigned to morning or afternoon sessions after the registration period closes. We do our best to consider each school's distance from Nürnberg, but we unfortunately cannot take individual requests. Please prepare your team for an early start and a long day!

The final competition consists of Rounds 1 and 2 and the Final Round. Three teams at a time go up to the stage to compete against each other. A maximum of 10 students from each team may go up to the stage in Rounds 1 and 2. Questions about the first 5 books on the Reading List will be asked in Round 1, and the other 5 books in Round 2. The books that will be covered in each round will be announced just before the new round starts, so teams can quickly confer about which 10 students will go to the stage. (See pictures of the setup below.)

The four teams with the most points after Rounds 1 and 2 will go on to the Final Round, where only one team member at a time will go up the stage. Each book will first be announced so that teams can quickly send up one representative and then switch for the next book.

Frequently Asked Questions (FAQs):

- **Can my school register more than one team?** Since we want to welcome as many schools to the competition as possible, we will place your second team on a waiting list. We can only determine whether there is space for a second team after the registration deadline.
- **Is there a limit on how many schools can enter?** We currently have the capacity to welcome about 30 schools to the competition.
- **Will DAI representatives come to our school for the intro meeting?** We try to visit as many schools as possible to provide students with personal interactions with native English speakers. However, in-person visits depend on the distance from the school and availability of our staff and volunteers.
- **Will travel costs to Nürnberg for the Battle be covered?** The DAI does not provide transportation or accommodation reimbursement.
- **What happens if our team arrives late to the Battle final?** As the schedule with a morning and afternoon session is very tight, we will not be able to wait for any teams that arrive at the venue late. Please plan accordingly!
- **If my team has more than 10 students, can we borrow more books?** Usually, only one copy of each book is available for loan to each school. However, you can make a request for more books, and we will notify you if we have extras.
- **What happens if our team wants to drop out?** Any school that drops out of the competition *after* the registration deadline will be excluded from next year's Battle. Please understand that this is extremely disruptive to the competition's organization, so we ask you to register only if you are certain you can participate!
- **What happens if the books we borrowed get damaged?** Any damaged books (water stains, torn pages, writing marks, highlighted) will require replacement. Specific instructions will be included with the borrowed books.
- **What if team members drop out after the deadline, and we no longer meet the minimum of 10 members?** Teams should seek replacement members ASAP and get in touch with the Battle coordinator to find a solution (contact info below).
